Welcome to the 2024 Rali Bro Caron. We would like to thank **Windy Corner Coaches** for sponsoring the event again this year. We would also like to thank in advance all people in connection with the event, the organising team, all householders and landowners along the route for their continual patience and support. Please take the time to read the full list of acknowledgements on the next page, without their support this event would not take place.

This year the event will start at the Black Lion Hotel and Rookery Car Park and finish at the Rugby Club in Lampeter. We have compiled a route of over a 100 miles on metalled and un-metalled roads on map 146.

As organisers, we are proud that the event is the first round of the WAMC Road Rally Championship, and we look forward to welcoming you all to Lampeter on the night, be it as a competitor or marshal.

If vacancies are available in the relevant class then entries will be accepted up to 16:00hrs on Wednesday 1<sup>st</sup> March 2024 (D20.1)

The Entry Fee is £125 and does include 2 breakfasts. Entry is via the on-line system provided at <https://www.rallies.info/webentry/2024/brocaron/webentry.php> All entries must be complete, made on the official entry form and must be accompanied by the appropriate entry fee. **Entrants wishing to pay by Cheque should first email the entries secretary to obtain the postal address by return email.** Please make **Cheques** payable to 'RALI BRO CARON' and post to the Entries Secretary. No Cheque entries will be accepted after 17th February 2024. Post-dated cheques are not accepted. Bounced cheques will not be re-presented, and the entry will be refused without discussion.

The maximum entry for the meeting is 90, plus 15 reserves per class. The minimum number of entries will be 60. The maximum number of entries per class is 60, the minimum is 5. Should any of the minimum figures not be reached, the organisers reserve the right to cancel the meeting or amalgamate classes as necessary.

All entries received via the online entry system will receive an automated acknowledgement; this is not confirmation of entry.

Entries will only be accepted when full payment has been received. When we have received payment, you should receive an e-mail confirming your entry. If you pay by cheque it might take up to 14 days for it to clear. If you don't receive a response within 3 days of the expected payment date, please contact the Entries Secretary.

Entries will be accepted on a first come first served basis.

**The organisers reserve the right to retain 20 places for allocation at their discretion H29.1.3(a).**

The organisers shall retain 35 places for registered contenders for the 2024 WAMC Road Rally Championship, until 28 days prior to the event, February 3<sup>rd</sup> 2024. Competitors who choose to indicate on the entry form their intention to register for the WAMC Championship, perhaps to try and safeguard their entry, but who then fail to register for the Championship before the start of the event, will be refused a start, and will forfeit their entry fee. The Championship Co-ordinator, Mr John Surridge, can be contacted on 07831 221 804, 01639 822 049, [jpsurridge@gmail.com](mailto:jpsurridge@gmail.com)

The Championship Regulations and Entry form can be downloaded from the [WAMC](#) website.

Any entry containing a false or incorrect statement shall be null and void, and the entrant deemed to be guilty of a breach of the general Competition Rules of Motorsport UK. The entry fee may be forfeited in accordance with **D19**. The organisers may conduct random checks to establish the validity of all or some of the information contained on the entry form.

The organisers reserve the right to refuse any entry without giving their reasons.

**Cancelled entries must be made in writing or via email to the entry secretary following any telephone discussion.** No verbal cancellations will be accepted. Refunds may be made at the organisers' discretion, dependant on the entry being taken by a reserve, but in any event a **£15.00** administration fee may be retained at the organiser's discretion.

The publication of the Final Instructions with Official Entry list attached will constitute the Official Programme of the event. Following publication of the Official Entry list, the organisers may at their discretion permit a change of either Driver or Navigator or Car only. Not more than ONE element of the entry may be changed if it would prevent the participation in the event of a reserve entry from the same class.

Allocation of entries from the reserves list from publication of the Official Entry List, up to the start of Signing on at 17.00 on Saturday 2<sup>nd</sup> March 2024, will be as per the order on the entry list, which is in order of receipt.

After this time allocation of reserves will take place on the hour every hour from the start of signing on, i.e. 18.00, 19.00, 20.00, 21.00 and finally 21.30, and priority will be given to reserves that are physically present at the allocated times, have attended and passed Noise Check and Scrutineering, have signed on as Reserve Entries at the relevant desk and have their marshal present and ready to sign on. Allocation of reserves will then be in order of time of signing on, and NOT as per order on the Entry list.

**i.e FIRST COME, FIRST SERVED ON THE EVENING.**

Any reserve entry who withdraws after being offered a vacant place may be refunded the entry fee at the organisers' discretion, dependant on the place being taken by the next reserve. Reserves will only be offered an entry in a higher class at the organiser's discretion. Any reserve not offered a vacant place will be refunded their entry fee in full.

Any competitor not signed on by 21.30 may be excluded at the organisers' discretion, and their place offered to a reserve entry from the same class.

It is a condition of entry that competitors must provide at least one marshal team who must also sign on. Failure to provide a marshal, or their failure to man their allocated control according to the regulations of the event and other written instructions, for its duration, will result in the exclusion of that crew and no refund of entry fee. Their failure to open their control at the allotted time will also result in that crew being penalised 1 fail.

We strongly advise that marshals do not man controls single-handedly for their own safety and protection.

Due to the nature of the event the organisers would appreciate the services of marshals with previous experience of manning Time Controls, although this is not a condition of entry.

**All marshals must wear a "high-vis" jacket which must be supplied by the marshal or their crew.** Some will be available at signing-on, but stock may be limited. This **MUST** be worn at all times when manning their control.

Please be aware **NO MARSHAL - NO START - NO REFUND - NO DISCUSSION**

The Entry Secretary of the meeting, to whom all correspondence must be sent:

**Anthea Jones,**

**Tel: 07443 335 169**

**Email: [ac.jones@btopenworld.com](mailto:ac.jones@btopenworld.com)**

**(Phone will be on between 17:00-21:00, if calling outside of these hours please leave a message)**

Receipt of all entry forms will be acknowledged; however confirmation of acceptance of entry will be via email from the webentry system and publication of the entry list on the club's website. The organisers reserve the right to refuse any entry without giving their reasons.

Final Instructions will be available to download from the Lampeter and District Motor Club web site [www.ldmc.org.uk](http://www.ldmc.org.uk) during the week prior to the event. No Final Instructions will be sent out via Royal Mail.

## 14 CONTROLS

There will be 7 types of controls, which will be defined as follows: -

MC	Main Control
SS	Standard Section Start Time Control
SF	Standard Section Finish Time Control
TC	Time Control
PC	Passage Control
RC	Route Check
VIA	Via Check

At each Main Control and Time Control the marshal will enter the time shown on the control clock and print their name in the appropriate place on the Time Control Card. Whilst at Passage Controls the marshal will print their name on the Passage Control Card in the appropriate place.

We are concerned that the driving standards of some competitors at manned controls may put marshals at risk. If the competing car has headlight main beam and spot lights illuminated, this can increase the risk as it impairs the vision of the marshal.

R.9.2.1. Any control is considered to extend for 50m around the actual point at which Officials are making their records, unless clearly visible signs are displayed to define a different area.

A DSO may be present at some controls to ensure the following:

- a. Dip lights and extinguish spots at the 50m board.
- b. Reduce speed so that you can stop at the marshal's location without locking wheels
- c. Leave the marshal's location only when the marshal is clear from the car.

Please observe these instructions as they are intended to ensure the safety of marshals. Failure to comply may result in penalties being applied as per R8.4.

Driving Standards Observers and / or Judges of Fact may be present at some controls to ensure compliance with this requirement. A few, but not all, marshals at certain controls will also be designated as Judges of Fact and Driving Standards Observers.

The penalty for not complying will be exclusion.

Some controls or checks may not be manned; a Code Board or Route Check may represent these. Competitors must record the symbols, letters and numbers displayed on these boards in the correct format, order and orientation in which they appear on the code board in the relevant place on their Passage Control Card before proceeding. The marshal manning the next Time Control or the next Passage Control, whichever is soonest, must endorse the code, by signing in the relevant place. Should a code not be recorded in the relevant place on the passage control card the marshal shall strike through that particular box and will not put their signature to that control. Some Code Boards will consist of white letters and white numbers on a

contrasting background. For ease of transport, some may also be positioned at right angles to the ground, and may read upwards or downwards.

Where there may be more than one code recorded, it is the competitor's responsibility to ensure the marshal at the next manned Time or Passage Control endorses each code individually. i.e. 3 codes - 3 separate printed names.

A Control Board will indicate ALL controls approximately 50 Metres ahead of the correct direction of approach. However some secret checks manned by either Judges of Fact or Driving Standards Observers (DSOs) might not be preceded by a Control Board.

Where it is safe to do so some controls may have a control area of less than 50 meters.

Controls must be visited in the order specified in the route card, any controls visited out of order will be deemed not to have been visited.

Sections of the route may include not as map triangles that will have a control Area of 3 metres. They will be identified in the route card and preceded by a control board on the correct direction of approach.

Should any entry on a time card or passage control card not be legible, or not appear authentic, it will be deemed not to have been made. All available marshals check sheets may be scrutinised for penalties or offences not apparent on the competitors Time Cards or Passage Control Cards.

It is not the duty of any marshal to interpret regulations or other written instructions to a competitor or to explain the meaning and/or effect thereof. It is the responsibility of competitors to read and understand these regulations and all written instructions.

Controls will open 30 minutes before the due time of car 0, and close 30 minutes and 59 seconds after the last car is due - **R11.1**

A competitor who causes **ANY** form of harassment to a marshal or any other official, before, during or after the event, or who remains in a control area subsequent to an instruction from an official to depart, will be reported to the stewards of the meeting, and thereafter the MOTORSPORT UK. The organisers reserve the right to exclude any such competitor if they so wish.

An altered or amended Time Card or Passage Control Card will only be accepted if the marshal countersigns it at the time of alteration. It is the competitor's responsibility to ensure that their time card or passage control card is clearly and correctly marked

**COMPETITORS WILL BE EXCLUDED FOR DEFACING OR ALTERING A MARSHALS ENTRY ON A TIME CARD OR PASSAGE CONTROL CARD.**

The event will use the scheduled timing method. Timing will be to BST (BBC Time) and by marshals' digital clocks. All crews are advised to carry an accurate digital watch with them.

### NEUTRAL SECTIONS

These are deemed **QUIET** sections and are used to take the rally through PR sensitive or densely populated areas, and will not be timed to an accuracy of less than one minute. **PLEASE RESPECT THEM.** They are timed at a low average speed and competitors must complete the section in as high a gear as possible and without use of auxiliary lights (except as permitted by law when driving in fog or falling snow). Competitors **MUST NOT** make up time in these sections, and no penalty will be incurred for lateness other than for exceeding maximum lateness. Any lateness incurred in these sections will be cumulative towards Maximum Lateness.

**R12.6.1 (3/4 rule) may NOT be applied on Neutral Sections**

Timing at time controls will be when the Time Control card or Passage Control card is presented to the marshal and NOT the time of entering the control area, as per **R12.3**

### TRANSPORT SECTIONS

These sections will transport competitors between other types of section, where the route may not be densely populated or particularly PR sensitive, and will not be timed to an accuracy of less than one minute.

**R12.6.1 (3/4 rule) may be applied if applicable.**

No penalty will be incurred for lateness other than for exceeding maximum lateness.

Any lateness incurred in these sections will be cumulative towards Maximum Lateness

### STANDARD SECTIONS

This is a section where a time penalty will be applied for being early or late. Some Standard Sections will be timed to an accuracy of less than one minute **R12.8.**

Timing at the controls will be when the time card is presented to the marshal and NOT the time of entering a control area as per **R12.3.**

**R12.6.1 (3/4 rule) may be applied if applicable.**

Some sections will be timed to an average speed of less than 30 mph, in order to take competitors through PR sensitive and quiet areas only. Competitors will be advised of this in their Rally Pack, when they have signed on.

Competitors will be instructed to reduce lateness on route.

A competitor who wishes to may miss a control or controls. He will be penalised in accordance with **R13** for every control missed. If he re-joins the route at a control at the end of a competitive section he will be permitted to restart without further penalty at any time between his original scheduled time and his maximum permitted lateness, this maximum permitted lateness time still being in relation to his original scheduled time. If the re-joining control is at the end of a neutral section, he will only be permitted to restart

without further penalty at his official corrected time taken at the last control at which he reported within maximum lateness.

Competitors late at one control may be the equivalent amount late at succeeding controls without further penalty provided maximum lateness is not exceeded.

Where a control at the end of a section timed to the second also forms the start of a section timed to the minute, the departure will be taken as the time of arrival but to the preceding whole minute (i.e. the seconds will be ignored) this will be in accordance with **R12.5.2**.

## 16 RESULTS

Assessment of performance will be decided firstly by the number of fails, then time penalties accumulated. Ties will be decided in favour of the furthest cleanest, then, if still not resolved, in favour of the least number of driven wheels, and then in favour of the smallest engine capacity, as per **R15.2.2**.

The organisers reserve the right to cancel sections from the results should they deem it fairer to do so, "Force Majeure" etc. notwithstanding. Time Controls at which, in the organiser's opinion, inaccurate times may have been given to competitors shall be considered as either Passage Controls or Route Checks.

Any competitor who, in the organiser's opinion, causes an obstruction of the route which necessitates the cancellation of a section, whether deliberate or unintentional, shall be liable for a penalty at the organiser's discretion. This penalty may be in the form of time or fails added to their overall total, or in aggravated instances, exclusion from the event.

Should the normal running of a standard section be interrupted or blocked after the passage of one or more competitors for any reason whatsoever, and it proves impossible to allow other competitors to cover the section competitively, the organisers may give to each crew which has not been able to cover the section in the normal manner a notional time corresponding to the slowest time set up to the moment of interruption. If it appears that the slowest time represents a complete anomaly, the next slowest time may be retained (and so on, until the 5th slowest time).

Provisional results will be produced as soon as possible after the event in accordance with **H34.1.1 – H34.1.8**. Competitors will be supplied with one Results Query Form. More than one query on the same matter must be treated as Protests. Protests must be made in accordance with **C5.1 – C5.7** and accompanied by the appropriate fee of **£70.00** ( Appendix 1 Section 13).

Final results will be made available for collection by competitors that request them in hard copy at the finish venue only, and therefore will not be posted individually after the event, as per **H34.1.8**.

Final Results will be available to download from the Lampeter and District Motor Club website [www.ldmc.org.uk](http://www.ldmc.org.uk) within 7 days of the event. No Final Results will be sent out via Royal Mail.
